◆ Why This Machine is Attractive for Overseas Buyers

- Japanese brand reputation (Sodick)
- All-electric system (energy efficient & clean operation)
- Compact 55T class – suitable for small precision parts
- Robot included (added value)
- Low utilization compared to machine age

◆ Target Markets

Suitable for:

- Small & mid-sized molding factories
- Start-up molding operations
- Buyers upgrading from hydraulic systems
- Emerging markets seeking reliable Japanese machines

◆ Competitive Advantage

This machine offers:

- Japanese manufacturing quality
- Lower operating hours than typical used units
- Complete CIF solution (simplifies purchasing process)
- Attractive pricing for 55T all-electric class
