

Product Sheet  
**Mitsui Seiki ZV08AX-R 7.5kW Oil-Injected Screw Compressor**  
**– 2021 – Made in Japan**

**Stock ID : JT-CM-MS21-18**

## Machine Overview

The **Mitsui Seiki ZV08AX-R** is a high-quality Japanese oil-injected screw compressor featuring inverter variable speed control for efficient and stable air supply.

Manufactured in **2021**, this unit offers reliable performance for industrial applications.

### Asking Price:

**USD 5,900 (FOB)**

FOB price does not include:

- Inland transport in Japan
- Ocean freight
- Marine insurance

CIF quotation can be provided upon request depending on the destination port.

### Key Highlights

- ✓ **High-efficiency Z-Screw compressor technology**
- ✓ **Inverter variable speed control** for energy saving
- ✓ **Compact space-saving design** for industrial facilities
- ✓ **Low noise operation** (approx. 52 dB)
- ✓ **Built-in refrigerated air dryer** for clean compressed air
- ✓ **Air capacity: approx. 1.21 m<sup>3</sup>/min (0.7 MPa)**

### Payment Method

**Credit card payment available via Stripe (USD).**

Secure and smooth international payments are supported.

**Bank transfer in USD is also accepted.**

We can receive USD payments via our international bank account (Wise).

## ◆ Competitive Advantage for Buyers

- ✓ **Reliable Japanese compressor technology** by Mitsui Seiki
- ✓ **Energy-saving inverter control** reduces operating costs
- ✓ **Built-in refrigerated dryer** simplifies installation
- ✓ **Compact and low-noise design** suitable for factory environments
- ✓ **Manufactured in 2021** with verified operating condition

### Why This Machine?

- **Reliable Japanese engineering** by Mitsui Seiki
- **Energy-efficient inverter control** for stable air supply
- **Manufactured in 2021** with verified operating condition
- **Built-in refrigerated dryer** simplifies installation
- **Compact and low-noise design** for industrial use

### Machine Condition & Running Test

- **Tested and confirmed operational** before listing
- **Operating hours:** 7,615 h
- **Manufactured in 2021**
- **Clean and well-maintained condition**
- Available for inspection prior to shipment

### Applications

- General factory compressed air supply
- CNC machining and metal processing
- Injection molding and plastics processing
- Assembly lines and production facilities
- Pneumatic tools and automation equipment
